

GOALS AND OBJECTIVES

This program is designed to prepare students for employment as automotive technicians in Toyota dealerships. Training is given in theory and practical skills. Directed practical work is given in all areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of Toyota technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern Toyota technician. The sequence in which courses are taken may be modified to meet individual needs.

CERTIFICATE

Automotive Technology - Toyota Specialist (62 units)

To earn this certificate, complete the required courses as listed with a minimum grade of "C." At least 50% of all major course work must be completed at Cypress College.

CERTIFICATE

Automotive Technology - Toyota Specialist = 62 units

Program Code: 1C16598

Required courses are listed in numeric sequence:		Units
_____AT 109 C	Intro to Toyota Automotive Technology	4
_____AT 105C	Automotive Electrical I and	4
_____AT 106 C	Automotive Electrical II and	4
_____AT 107 C	Automotive Electrical III or	4
