

GOALS AND OBJECTIVES

This program is designed to prepare students for employment as automotive transmission and power train specialist. Training is given in theory and practical skills. Directed practical work is given in areas of automotive maintenance and repair under simulated on-the-job conditions. Particular emphasis is placed on those competencies required of transmission and power train technicians. The program will provide the student the opportunity to acquire the knowledge and skills demanded of the modern automotive transmission and power train specialist. The sequence in which courses are taken may be modified to meet individual needs.

CERTIFICATE

Transmission Specialist (16 units)

To earn this certificate, complete the required courses as listed with a minimum grade of "C." At least 50% of all major course work must be completed at Cypress College.

CERTIFICATE

Automotive Technology - Toyota Specialist = 16 units

Program Code: 1C12976

Required courses are listed in numeric sequence:		Units
_____AT 140 C	Auto Drivetrains/Transmissions	12
_____AT 105 C	Automotive Electrical I	<u>4</u>
Total Units Required		16

 **Key Tips:** You may opt to “double major” by applying some of these courses to other **Automotive Technology** Degree/Certificate Programs. Remember to apply for certificates/degrees/graduation at the beginning of your last semester.
