

GOALS AND OBJECTIVES

The **Travel and Tourism** Program provides students with a career path for attaining the communication skills, practical knowledge, and technical training necessary for pursuing a career as a travel agent, tour guide, or corporate travel consultant. Students completing this degree will develop an advanced understanding of the travel industry and the sales, security, and service requirements necessary to work in the travel industry.

CERTIFICATE

Basic Travel/Tourism Advanced Travel/Tourism

To earn a certificate, complete the required courses as listed with a minimum grade of "C." At least 50% of all coursework must be completed at Cypress College. The Basic Certificate offers students a career ladder from which they may experience incremental success as they progress to an Advanced Certificate and an Associate in Science Degree. The "basic" designation is intended to make clear that Cypress College considers students with this certificate to be eligible for internships, but not necessarily ready for employment unless they have completed significant coursework in another discipline.
